Planning Board

MEMORANDUM

Re: Master Plan survey

The Planning Board's consultant, Horsley Witten, has begun work on updating the town's Master Plan. A kick-off meeting was held in September to outline the required tasks and begin data gathering and a subsequent meeting was held in October to begin the public scoping and baseline inventory elements. To obtain public comments and encourage public participation, a survey and website have been developed (see attached website address on survey). Please review both tools so we can finalize these elements and begin the public scoping process.
